 - The range of products offered by us, includes high quality Leather Bags, wallets, Belts and Corporate gift items
- 

Product Range

- We have a large range of products in cow, buffalo, goat & sheep leather with exclusive finishes to suite customers demand.
- We have capability to source latest type of leather, fabric, hardware and trims at most competitive prices within India and from the other parts of the world to meet the price targets.
- **Our Products are mainly focus on Leather Bags:**
 - BAGS:** Laptop Bag, Office Bags, Sling Bags, Tote, Hobo, Cross body, Duffel, Briefcase, Backpack, and Belts & Wallets.

Leather Bags

New development of bags are done after a lot of research on current trends like color, material, shape. All these are then incorporated into the designs to create new and fashionable products. A variety of materials, both natural and man-made, are used to make these products.

WALLETS

Other accessories

- The small leather goods section producing key chains is the youngest and newest division. The company is exploring new relationships on this front with new designs and materials for different buyers.
